

MBOKODO

Consulting Services

Integrated advisory. Practical solutions.
Service with a difference.

COMPANY PROFILE

ABOUT

A multi-disciplinary partner for complex business needs

We combine specialist capability with responsive, client-centred delivery.

Mbokodo Consulting Services brings together experienced professionals to help organisations solve operational, people, security, investigative and mobility challenges. Our approach is practical and tailored to each client environment, with a focus on quality, discretion and a strong service experience.

CLIENT-CENTRED

PRACTICAL

RESPONSIVE

Purpose

Enable better business outcomes through intelligent, fit-for-purpose advisory and support.

CAPABILITIES

One partner. Six connected service pillars.

A focused portfolio designed around the realities of corporate operations.

01

People & HR

HR advisory, recruitment, benefits, screening, policy support and bursary administration.

02

Forensics & Investigations

Investigations, asset tracing, policy advice and labour or criminal-justice support.

03

Wellness & Social Impact

Employee wellness, CSR programme design, project delivery and tailored corporate training.

04

Security & Risk

Security reviews, travel risk support, crisis readiness, investigations and event protection support.

05

Business & Facilities

Process improvement, policy reviews, quality support, tracing, collections and property maintenance.

06

Executive Travel & Concierge

End-to-end mobility, events and high-touch travel support for corporate and private clients.

Protecting people, places and journeys

Practical security advisory and support built around client risk, operating context and duty-of-care requirements.

- Office & residential security surveys
- Travel security and destination support

Experience with a service mindset

A compact, senior-led model built to deliver relevant solutions with care and accountability.

130+

years of combined experience

across corporate, government, diplomatic, private, public, development and NGO environments.

01	Cross-sector perspective	Experience across diverse operating environments helps us understand both customer and provider realities.
02	Tailored, not templated	Solutions are shaped around the client context, priorities and risk profile.
03	Integrated capability	People, risk, operations and mobility support can be coordinated through one partner.
04	High-touch delivery	Responsive engagement, practical execution and attention to the client experience.
